

# XTREME POWER CONVERSION **P80 1500** // Panamax **MB1500** COMPARISON

The P80 is a high level line interactive UPS with industry leading reliability, efficiency, and flexibility. The P80 products are available in 120V capacities from 800VA to 3000VA, with 208V models in 3KVA and 5KVA sizes.

## UPS COMPARISON

	XTREME POWER P80-1500	Panamax MB1500	ADVANTAGES
Capacity	1350W	900W	Xtreme Power P80-1500 has a higher output wattage rating providing 50% more useable power than the MB1500
Topology	Line Interactive	Line Interactive	Both the Xtreme Power P80 and the Panamax have Line Interactive topology with Automatic Voltage Regulation (AVR) with sinewave output, providing clean and reliable network grade power.
Form Factor	Tower mounts included. Optional 2U Rack, horizontal feet or Wall Mount	Horizontal feet included. Optional 2U Rack, or Tower mounts	Xtreme Power provides a higher level of mounting versatility with rack, floor or wallmount rails/brackets, and horizontal (shelf) availability. Panamax is horizontal, rack and tower.
Display	LCD	LCD	Xtreme power P80 offers an intuitive graphical interface display. Panamax has limited displayed features.
Hot Swappable Batteries	Yes	No	The Panamax system must be taken out of circuit and physically be dismantled to replace the batteries. The Xtreme Power P80 features Hot Swappable battery trays that are customer replacable, by simply removing the front bezel.
Extended Runtime	Yes	Yes	Both Xtreme Power P80-1500 and Panamax MB1500 have optional external battery packs. The P80 can be equipped with two, while the Panamax can be configured with only one.
Warranty	3yrs electronics and batteries	3yrs electronics, 2yr battery	Xtreme Power P80 warranty covers a full 3 years for both the UPS and batteries. Panamax provides a 3 year limited warranty on electronics, and only 2 years on the batteries.
